

# Hi there!

Here is your Sticky Transparent Header Template  
for Divi Theme by Ania Romańska Divi Lover.  
You are free to use and edit it for any personal or commercial project.

To use these layout you need to have the Divi theme or Divi builder plugin  
for WordPress installed (version 4.23 and up).  
It is not included with this product.

## Installation

The JSON files included in this package need to be uploaded directly on  
any WordPress post or page with Divi Builder enabled (best use inside the  
Theme Builder Header template).

Use the IMPORT icon to load the layout into your page!

It can't be imported directly to Divi Library.
